PROJECTS

- FitMate – Anytime Fitness AI Chatbot** | *Python, OpenAI API, Streamlit* Apr. 2025 – Present
 - Built and deployed a production-ready AI assistant for 500+ Anytime Fitness clubs, providing fast, context-aware gym support.
 - Used Retrieval-Augmented Generation (embeddings + metadata filters) to combine club info, billing, and FAQs for accurate, grounded answers.
 - Developed a Streamlit + React web app embedded in my portfolio; upgraded to OpenAI Responses API to cut latency by 30%.
- Predictive Maintenance Dashboard with Vision Pipeline** Mar. 2024 – Dec. 2024
 - Developed a multi-stage model pipeline to classify visual sensor data with PyTorch and NumPy; handled edge cases and format reconciliation.
 - Cleaned and analysed industrial datasets using Python and SQL; built Power BI dashboards to present findings to non-technical stakeholders.
- SYNCS Hackathon – People’s Choice Award** | *Python, Docker* Aug. 2024
 - Built a Python-Docker prototype to simulate distributed logs and basic anomaly detection in 24 hours.

EDUCATION

- University of Sydney** Sydney, NSW
Bachelor of Computing, Major: Computer Science Jan. 2022 – Nov. 2024
- UNSW Sydney** Sydney, NSW
Bachelor of Commerce, Majors: Finance and Marketing Jan. 2018 – May. 2021
- UNSW Sydney** Sydney, NSW
Higher School Certificate Jan. 2012 – Dec. 2017

TECHNICAL SKILLS

- Languages:** Python, SQL, Java, Bash, C
- Frameworks/Libraries:** LangChain, Streamlit, React, scikit-learn, PyTorch
- Data/LLM Tools:** OpenAI API, Supabase, Postgres, NumPy, Pandas, Vector Stores, RAG
- DevOps:** Docker, Git, GitHub Actions, pre-commit, VS Code
- Concepts:** RAG, Data Cleaning, EDA, Statistical Modelling, ML Pipelines, CI/CD, Dashboarding
- Soft Skills:** Analytical Thinking, Collaboration, Documentation, Initiative, Stakeholder Communication

EXPERIENCE

- Academic Author** Sydney, NSW
Learn Now Publications, Forest Lodge Feb. 2020 – Dec. 2024
 - Published 8+ books covering statistics, computing, and finance with emphasis on clarity and reproducibility.
- Academic Tutor** Five Dock, NSW
InFlow Education Aug. 2019 – Jan. 2020
 - Tutored Extension 1 Mathematics; created exercises on probability, trends, and logic.
